Thank you so much for your thoughtful note of 12 October regarding the actions of our Placement staff on the recent occasion of the protest demonstration during your visit here.

Suffice it to say that if you were approving of their actions, we are gratified. We are very much concerned here at Oakland that visitors such as yourself are treated with courtesy and cordiality due a guest. To that extent we apologize for this exceptional behavior of a very small minority. On the other hand, your realistic attitude is undoubtedly warranted in modern day society and I certainly commend you for it.

I know that the administration and, particularly, Mrs. Hope and her staff will be very appreciative of your thoughtfulness in writing this letter and I shall be sure that they all have opportunity to read it.

Very sincerely,

signed/
